Mr. *Kenney* presented the Second Report of the Select Standing Committee on Public Accounts, as follows:—

### REPORT No. 2.

LEGISLATIVE COMMITTEE ROOM,

December 1st, 1938.

MR. SPEAKER:

Your Select Standing Committee on Public Accounts begs leave to report as follows:—

Upon inquiry into the matter of the Dutch Creek section of the Kingsgate-Radium Highway, which was referred to your Committee by the Legislature under date of November 23rd, 1938, as per Resolution of the Hon. the Minister of Public Works, which reads as follows:—

“Whereas the second member for Vancouver East stated that from information which he had an overpayment had been made in connection with the Dutch Creek section of the Kingsgate-Radium Highway.”

We have examined witnesses and contracts in connection therewith, and our unanimous opinion is that a difference of opinion on this work arose between the Department and the Resident Engineer as to the interpretation of the contract between the General Construction Company, Limited, and the Government.

The company was paid in accordance with the interpretation placed upon the contract by the Chief Engineer of the Government. With this decision the Committee does not disagree and consequently no overpayment has been made.

The Committee recommends that in future great care be exercised in drafting and wording specifications and contracts with the view of greater clarity.

All of which is respectfully submitted.

## REPORT NO. 1.

LEGISLATIVE COMMITTEE ROOM,

December 2nd, 1938.

MR. SPEAKER:

Your Select Standing Committee on Municipal Matters begs leave to report as follows:—

The Committee has considered the provisions of the undermentioned Bill and has ordered the same to be reported without amendment.

Bill (No. 20) intituled "An Act to amend the 'Fire Departments Two-platoon Act.'"

Your Committee recommends that the Bill be allowed to be proceeded with.

All of which is respectfully submitted.

R. R. BURNS, *Chairman*.

The report was read and received.

By leave of the House, the Rules were suspended and the report adopted.

On the motion of Mr. *Forester*, Bill (No. 20) intituled "An Act to amend the 'Fire Departments Two-platoon Act'" was *Ordered* to be placed on the Orders of the Day for second reading at the next sitting.

Mr. Speaker delivered the following reserved decision on the point of order raised by the Hon. Mr. *Pattullo* on November 24th with reference to Bill (No. 18) intituled "An Act to amend the 'Hospital Act'":—

*Honourable Members*,—The Honourable the Premier has raised a point of order with reference to Bill (No. 18) intituled "An Act to amend the 'Hospital Act.'"

The point is whether the Bill involves the expenditure of public money or would result in a tax or impost upon the people or any section of the people.

If it does it cannot be originated by a private member. (*See* S.O. 67; the "Constitution Act," R.S.B.C. 1936, chap. 49, sec. 52.)

Section 3 of the Bill provides that in all hospitals there shall be not less than one nurse for a specified number of beds.

Section 4 fixes maximum working-hours and minimum holidays for nurses.

There are many Bills that on the face of them necessarily involve public expenditure or impose a charge on the people.

I cannot determine from reading this Bill whether, if passed, it would necessitate the employment of more nurses in hospitals. It may or it may not. I could, of course, go to the Deputy Provincial Secretary and ask him whether hospitals are now employing fewer nurses than the Bill, if passed, would require to be employed, and whether nurses are now working longer hours with shorter holidays than are stipulated in the Bill, but I do not think I should take that responsibility. In my opinion it is information that should be given to the House by the responsible Minister.

Section 5 (j) may not be entirely in order, but it is a comparatively unimportant subsection, and if the Bill passes second reading a point of order could, if thought advisable, be raised, or the subsection amended in Committee of the Whole.

I therefore recommend that the Bill be allowed to proceed.

N. W. WHITTAKER, *Speaker.*

QUARTER-PAST TWO O'CLOCK P.M.

Prayers by Mr. Speaker.

On the motion of the Hon. Mr. *Pattullo*, the House proceeded to the Orders of the Day, "Public Bills and Orders."

On the Order being called for the second reading of Bill (No. 27) intituled "An Act to amend the 'Woodmen's Lien for Wages Act.'"

Mr. Speaker delivered the following reserved decision on the point of order raised by the Hon. Mr. *Pattullo* on November 30th:—

*Honourable Members*,—I have considered the point of order raised by the Honourable the Premier with regard to Bill No. 27.

Section 4 imposes certain duties upon Government Agents and also gives such agents a wide discretion with reference to securing the payment of wages to persons performing labour or services in connection with logs or timber. The Bill imposes a fine upon employers failing

to comply with its provisions, and provides for a prison term in default of payment of the fine. Persons selling timber from Crown-granted lands under contract to be logged or taken off must see that security for wages is deposited as provided in the Bill, otherwise such persons are to be jointly liable with the employer for payment of the wages.

A Bill imposing fines and imprisonment cannot be originated by a private member except with the consent of the Crown. (*See* 1932 Journals, page 75; 1936 Journals, 1st Session, page 119.) Duties and powers may not be imposed or conferred upon the Crown by a Bill in the hands of a private member without the Crown's consent. (*See* 1931 Journals, pages 128, 129; 1932 Journals, page 75.) The Government is responsible for the acts of its agents. The responsibility for the success or failure of the operation of this Act would, therefore, in the final analysis rest upon the Government.

I think this Bill clearly comes within the authorities cited above and, lacking the consent of the Crown, is not in order in the hands of a private member.

N. W. WHITTAKER, *Speaker*.

#### REPORT No. 1.

LEGISLATIVE COMMITTEE ROOM,

December 8th, 1938.

MR. SPEAKER:

Your Select Standing Committee on Agriculture begs leave to report as follows:—

Your Committee, authorized by Resolution of the Legislative Assembly dated November 17th, 1938, "to consider such matters affecting the agricultural industry as may be laid before it by the Advisory Board of Farmers' Institutes and to report its findings to this House," held four sittings, at one of which the members of the Advisory Board of Farmers'

Institutes were present and submitted certain matters of concern to the farmers of British Columbia, as follows:—

(1.) Resolution of commendation and appreciation to the Government for opportunities afforded farmers to work out taxes on road maintenance and request that this policy be continued.

(2.) Resolution asking that the Department of Lands give consideration to a water conservation policy with a view to storing seasonable overflow for irrigation purposes.

(3.) A resolution recommending that the responsibility for maintenance of public schools should rest equally on all classes of the population, and urging the necessity for a revision of the present system of school taxation.

(4.) A resolution asking that the price of motor-car licences be drastically reduced.

(5.) A resolution urging assistance to settlers in the purchase of power-operated land-clearing machinery.

(6.) A resolution urging the elimination of the charge for surveying land for settlement—a charge at present borne by the applicant for such land.

All of which were referred to the several departments concerned for consideration.

Inquiry into disposal of grain screenings at terminal elevators disclosed that f.o.b. prices are reasonable, and that under the present permit system ample safeguards are afforded against the dissemination of noxious weeds in the handling of grain screenings.

All of which is respectfully submitted.

HALF-PAST TWO O'CLOCK P.M.

On the motion of the Hon. Mr. *Pattullo*, the House proceeded to the Orders of the Day, “ Public Bills and Orders.”

Bill (No. 93) intituled “ An Act to amend the ‘ Water Act ’ ” was considered as amended, read a third time and passed.

Bill (No. 88) intituled “ An Act to amend the ‘ Legal Professions Act ’ ” was considered as amended, read a third time and passed.

Bill (No. 81) intituled “ An Act to amend the ‘ Municipal Act ’ ” was committed, reported complete with amendment, considered as amended, read a third time and passed.

The House resumed the adjourned debate on the motion moved by Mr. *E. E. Winch* on November 23rd, as follows:—

Whereas the Twenty-sixth Report of the Medical Inspection of Schools states there are 675 retarded and underprivileged children now attending school (exclusive of 450 attending special classes in Vancouver); and

Whereas it is not feasible to economically provide adequate facilities for the supervision and training of such children in schools and districts where only a few reside; and

Whereas it is essential to the best interests of the children and society in general that such children shall, so far as possible, be equipped during their formative years to adapt themselves to school and, later, adult life, and thereby enable them to become social assets instead of liabilities:

Therefore be it Resolved, That this House resolve itself into a Committee of the Whole for the purpose of considering the desirability of recommending that the Provincial Secretary and Minister of Education obtain special statistical reports from School Medical Officers,

School Boards, Public Health Officers, and Social Service Officials relative to the nature and prevalence of mental and physical handicap among children of school and pre-school age for the purpose of devising ways and means to provide suitable and adequate facilities for special treatment, training, and education of such children, in order to assist them toward a self-supporting status in adult life.

The Hon. Mr. *Weir* moved in amendment,—

To strike out all the words after the word "Vancouver" in the third line, and to insert in lieu thereof the following:—

"Whereas the Government is already doing its best to provide for the supervision and training of such retarded and underprivileged children:

"And whereas yearly reports thereon are furnished through the School Medical Officers, School Boards, Public Health and Social Service Officials, and the Public Health Nurses:

"And whereas the Government, being cognizant of the difficulties to be overcome owing to the great extent of territory, the sparseness of population, and the lack of facilities in districts where only a few persons reside, is already taking into consideration the adoption of a policy that will permit of a thorough personal examination of isolated schools and resident pupils:

"Therefore be it Resolved, That this House endorses the efforts of the Government in this regard and approves of the extension of the service from time to time as funds become available for the purpose."

The debate continued.

Motion as amended agreed to.

The House resumed the adjourned debate on the motion moved by Mr. *Bruhn* on November 30th, as follows:—

Whereas it is becoming more and more difficult, particularly for old persons, to be absorbed into useful, productive life of the Dominion, making it difficult for them to maintain themselves in comfort and decency:

And whereas Canada is a country richly endowed with natural resources capable of maintaining our population in a reasonably high standard of living:

Therefore be it Resolved, That this House would welcome a declaration of policy by this Government recommending to the Dominion Government that the Dominion Government adopt a policy which will lower the present pensionable age-limit for old-age pensioners from 70 years to 65 years, to the end that the older generation may be retired earlier from industrial employment and thereby create opportunity for the younger generation to be usefully and gainfully employed; and that such a policy be assisted by compulsory contribution by all employed persons between the ages of 20 years and 65 years.

And be it further Resolved, That a copy of this Resolution be sent to the Federal Government.

The Hon. Mr. *Pearson* moved in amendment, seconded by the Hon. Mr. *MacPherson*,—

To strike out all the words after the word "Whereas" in the first line, and to insert the following in lieu thereof: "it is becoming increasingly difficult for elderly persons to find employment:

"And whereas a large number of persons of all ages still seek profitable employment:

"And whereas the Government of British Columbia has urged upon the Federal Government the desirability of reducing the age at which old-age pensions shall become payable:

"Therefore be it Resolved, That this House commends the Government for the above-mentioned representations to the Federal Government.

"And be it further Resolved, That this House recommends to the Dominion Government that legislation be enacted to provide for: (1) A reduction of the age of eligibility for old-age pensions as soon as may be possible; and (2) the regulations under the 'Old-age Pension Act' be modified to eliminate existing hardships encountered by the aged people in obtaining pensions; and (3) initiate a national compulsory contributory insurance scheme for retirement allowances."

Motion as amended agreed to.

The House resumed the adjourned debate on the motion moved by Mr. *Maitland* on November 30th, as follows:—

Whereas it is essential that the Trans-Canada Highway be a National Canadian Highway uniformly maintained throughout Canada:

And whereas a large section of the said highway has been built in British Columbia by the Federal Government as part of the said National Highway:

Therefore be it Resolved, That this House is of the opinion that the whole of the construction and future maintenance of the Trans-Canada Highway be paid for by the Federal Government.

And be it further Resolved, That a copy of this Resolution be forwarded to the Federal Government.

The Hon. Mr. *Pattullo* moved in amendment, seconded by the Hon. Mr. *MacPherson*,—

To strike out all the words after the word "Whereas" in the first line, and to substitute therefor the words "the construction and maintenance of national highways is of primary importance to the various Provinces and to the Dominion of Canada as a whole:

"Therefore be it Resolved, That this House is of the opinion that national highways should be constructed and maintained by the Dominion Government, or, in the alternative, in co-operation with the Provincial Governments."

The House resumed the adjourned debate on the motion moved by Mrs. *Steeves* on November 30th, as follows:—

Whereas the Board of Governors of the University of British Columbia raised the attendance fees for students from \$150 to \$175, thereby making university education prohibitive for a large section of our youth:

And whereas the estimates and accounts of the University are not open to the senate of that body, nor to the public of British Columbia:

Therefore be it Resolved, That this Legislative Assembly regrets that the Board of Governors of the University of British Columbia took the action of raising the attendance fees.

And be it further Resolved, That this House resolve itself into a Committee of the Whole to consider the question of how the University can be made to serve the cause of democratic education more adequately in the future.

The Hon. Mr. *Weir* moved in amendment, seconded by the Hon. Mr. *Wismer*,—

To strike out all the words after the figures "\$175" in the second line, and to insert in lieu thereof the following:—

"And whereas under the 'British Columbia University Act' the management, administration, and control of the affairs of the University are vested in the Board of Governors:

"And whereas the accounts of University expenditure are audited yearly by a Government Auditor and copies of the Auditor's report are on file at the University and may be examined at any time by members of the University Senate:

"Therefore be it Resolved, That, while the members of the Legislature sympathize with the financial difficulties of the students, this House does not deem it advisable to attempt to dictate University policy or to interfere in the internal administration of the University."

The debate continued.

Motion as amended agreed to.

Mr. *Eyres* moved, seconded by Mr. *Macintosh*,—

Whereas the dairy and poultry industries of this Province are struggling with the problem of the high cost of production:

And whereas one of the factors in such high cost of production is the excessive freight rate on feed-grain and mill-feeds from the Prairie Provinces to points in British Columbia:

Therefore be it Resolved, That in the opinion of this Legislature the question of the excessive freight rates on feed-grains and mill-feeds from the Prairie Provinces to points

in British Columbia is a matter fully worthy of the immediate, earnest, and sympathetic consideration of this Government, and that this Government urge the Federal Government to take immediate action to correct same.

The Hon. Mr. *Pattullo* moved in amendment, seconded by the Hon. Mr. *Weir*,—

To strike out all the words after the words "British Columbia" in the fourth line, and insert the following:—

"And whereas the Government of British Columbia has successively made representations in respect of high freight rates:

"And whereas specifically upon representations made to the Dominion Government lower freight rates were secured on fire-burnt barley, oats, rye, bran, chop feeds, mill-feed, oat hulls, middlings, screenings, and shorts under Tariff No. 145, effective as from June 24th, 1938, thereby extending the advantage of lower cost of feedstuffs to the dairymen and poultrymen of the Lower Mainland:

"Therefore be it Resolved, That this House commends this action.

"And be it further Resolved, That the matter of freight rates is one which requires continuous consideration by the Government and public bodies generally."

Mr. *Maitland* rose to a point of order on the amendment.

Mr. Speaker ruled that the amendment was in order.

Mr. *Maitland* appealed from the ruling of the Chair.

The House divided.
